OU payment plan available for Winter 2021 semester

Offering financial flexibility, the OU payment plan helps students stay on path to graduation
With winter registration underway, students are reminded that they can enroll in the OU payment plan through eBill. The payment plan allows students to pay tuition in installments over a four-month period.

The installment due dates are:

- December 15, 2020
- January 15, 2021
- February 15, 2021
By enrolling in the payment plan and paying each installment by the due date, students can avoid late payment fees, prevent holds on their account, and most importantly, stay enrolled in their classes and remain on track toward graduation. There is also a payment plan available to OUWB medical students.
