Oakland University is encouraging all faculty, staff and students to get vaccinated against the COVID-19 virus.

Starting April 5, all people aged 16 and up residing in Michigan are eligible to receive the vaccine. Supply levels of the vaccine are increasing every day. The following resources are helpful in finding an appointment:

WDIV: Michigan COVID-19 vaccinations: How to find appointments, info on phases

Oakland County Vaccine Hub

Widespread vaccination among our community will safely expedite operations to repopulate campus. The health and safety of students, faculty and staff remain the primary
focus of OU leadership. Please continue to practice safety measures; wear a mask, watch your distance, wash your hands and wear a BioButton, as we collaboratively work toward being Grizzlies Together – Again.
